

Data Requirements :

- ✓ Distributor Name
- ✓ Reseller Name
- ✓ End Customer Name
- ✓ End Customer Contact Name
- ✓ End Customer Email address*
- ✓ End Customer RH login name**
- ✓ Use correct Skus (e.g. *renewals end with RN and three year sku's end with F3*)

* email is a must for the electronic fulfillment

**RHN login is helpful but not mandatory

Co-Termination Orders - How to use the Co-Termination Calculator

All subscriptions in a co-term have to have at least a term of 12 months , and they should not exceed the term of 36 months. A Co-Term Order can be either:

1. Additional units for an end user, which should get aligned with existing installation.
2. The extension of existing subscriptions to align all to the same termination date.

Contract Numbers are needed for renewals, the end user will find this info in his RHN Account.

Contract Number (If applicable)	SKU	Subscription/ Service Description	Start Date	End Date	Full Year Price	Pro-Rated Price in EUR	Subscription Quantity	Extended Pro-Rated Price in EUR
235999	MCT0346RN	RHEL ES Standard	12. Apr. 2007	31. Oct. 2008	639,00	994,39	3	2.983,17
						0		,00
						0		,00
						0		,00

Year One Total in EUR

2.983,17

Please fill in all information (yellow) except Pro-Rate price and Extended Pro-Rated Price (red), the calculator will populate that, once you enter the one year price

The spreadsheet will calculate the pro-rated prices for you

Please note, that Co-Term deals are not subject to multi-year billing
